Meet DentiMints™

Oral Care That Fits Modern Workspaces & Wellness Programs

Designed for REAL oral care
- no brushing, no rinsing, no
sink required

Seamless fit for corporate
wellness initiatives and
employee benefit programs

Sugar-free. No fluoride. No SLS.
No aspartame. No dyes

Made for daily use when full
oral hygiene routines aren't
realistic

Finally brings oral care to an active workplace – not just
breath-freshening!

The Challenge

Oral Care Gets Overlooked in the Modern Workplace

64% of employees never brush their teeth during the workday - even after coffee, snacks, or meetings

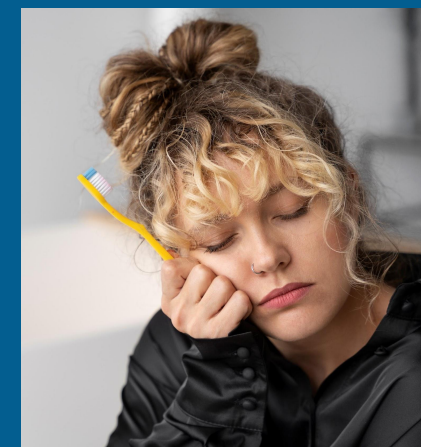

Not due to neglect - but because time, tools, and privacy aren't available

Traditional oral care routines don't fit modern office schedules

Mid-day hygiene is skipped, leading to buildup, bad breath, & reduced confidence

Companies focus on fitness & mental health - but ignore oral hygiene in wellness planning

Corporate Wellness Programs & Hygiene Gaps

Traditional oral care routines don't fit into the modern workday - and the effects go unnoticed

Employers prioritize physical and mental wellness - but oral care is the missing piece!

Employees often go 8+ hours without proper oral care

Brushing, rinsing, and water access aren't practical during a busy day

Coffee, snacks, and back-to-back meetings increase the need for mid-day care

Bad breath, dryness, and buildup reduce comfort and confidence

The Solution

Real Oral Care, Anytime, Anywhere – in Under 30 Seconds

A fresh, confident solution employees will actually use. No water. No brush. No mess.

Perfect for the workplace - during meetings, after meals, or on the go

In 30
seconds
or less

DentiMints™ is a chewable dental mint that delivers full-mouth oral hygiene

Formulated to reduce harmful bacteria, balance pH, protect enamel, & polish teeth

A practical, premium alternative to gum or candy – with true health benefits

How It Works

Chew. Swish. Clean. Fresh.

No toothbrush? No sink? No problem!

Chew the tablet to
activate ingredients

Swish as it
dissolves – no
water required

Cleans teeth and
gums while
supporting enamel
and pH balance

It cleans, protects, and
refreshes - all in under
30 seconds
