

DentiMints®

CHEWABLE DENTAL MINTS

Brushless, Waterless, On-the-Go Oral Care

Chew ✦ Swish ✦ Clean ✦ Fresh

Meet DentiMints™

Real Ingredients. Real Results. Real Science.

Sugar-free. No SLS.
No aspartame. No dyes.

Made for daily use when
traditional oral care is difficult

Created for everyday life -
Wherever hygiene isn't practical

Works where traditional
routines break down -
Including senior care

Designed for REAL oral care

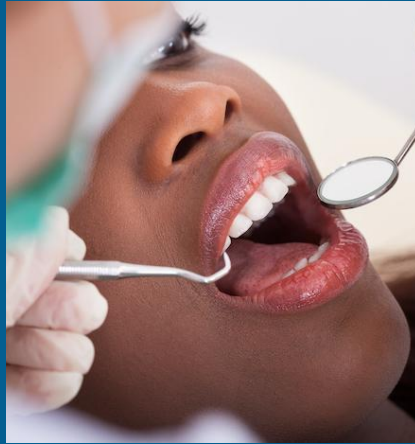

No brushing, No rinsing, No sink required

The Challenge

Oral Care Gets Overlooked - Even in Care Environments

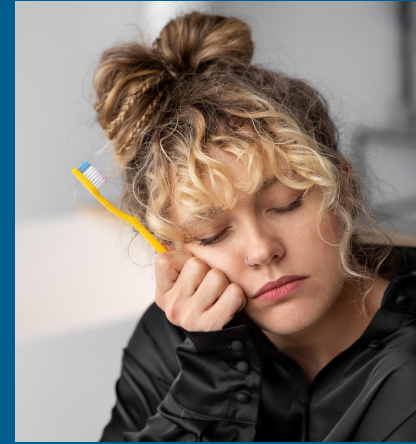

Most people skip oral care when they're not at home

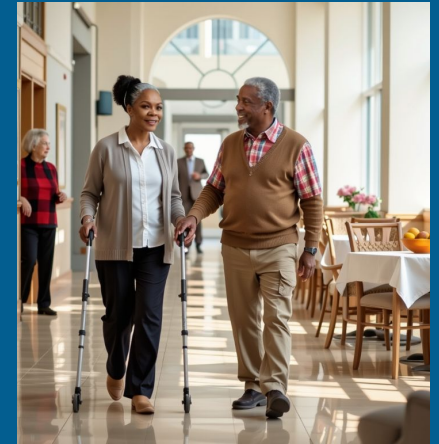

People skip oral care not out of neglect, but circumstance

Everyday life presents real barriers to consistent oral care

When hygiene is skipped, long-term damage inevitably follows

Care facilities often lack time or tools to support daily hygiene routines

The Oral Hygiene Gap in Assisted Living and Elderly Care

Traditional oral care routines often break down in senior care - and the consequences are serious

Up to

80%

Of long-term care residents
DO NOT receive adequate
daily oral hygiene

Barriers include cognitive decline, limited dexterity, mobility issues, and care staff time constraints

Missed oral care contributes to gum disease, infection, tooth loss, and discomfort

Poor oral health impacts confidence, communication, and overall wellness

It's not due to neglect - it's due to systemic limitations in care settings

The Solution

Real Oral Care, Anywhere - in Under 30 Seconds

DentiMints™ is a chewable dental mint designed to clean teeth and gums

Perfect for modern lifestyles away from home

Safe and dignified for use in assisted living and skilled nursing

How It Works

Chew. Swish. Clean. Fresh.

Chew the tablet to
activate ingredients

Swish gently as
it dissolves

Cleans, protects, and
refreshes — all in under
30 seconds

No brushing. No rinsing.
No sink required

Oral Care For Real Life

Reliable hygiene support across senior care environments

From mealtimes and medication rounds to post-snack hygiene and bedside use - DentiMints™ delivers real oral care when brushing isn't practical.

How DentiMints™ Supports Residents in Elderly Care

A waterless, brushless hygiene solution that restores independence and supports daily comfort

Ideal for use after meals, snacks, or medications

Easy-to-chew tablets with gentle, clinically supported ingredients

Chew, swish, and clean - no rinsing, brushing, or spitting required

Freshens breath, removes food debris, and helps reduce bacteria

Helps residents feel cleaner, more comfortable, and more in control

Trusted, Effective, Proven Ingredients

True On-The-Go Oral Hygiene

ExoCyan Cran™

- Patented cranberry extract with antioxidant and anti-adhesion properties
- Helps reduce harmful bacteria by preventing plaque formation and bacterial attachment
- Supports gum health and long-term oral protection

Xylitol

- Natural sweetener that inhibits the growth of harmful bacteria
- Helps prevent plaque buildup and supports a healthy oral environment

Calcium Lactate

- Bioavailable form of calcium that strengthens enamel
- Promotes remineralization and protects against acid erosion

Sodium Bicarbonate

- Balances pH and neutralizes harmful acids
- Creates an environment that inhibits the growth of bacteria
- Lifts debris and supports a cleaner, fresher mouth

Silica

- Mild abrasive that gently polishes and smooths teeth
- Helps remove plaque and simulate the effect of brushing
- Safe for use in elderly care, with ingredients chosen for gentle, effective daily hygiene

Scientifically Supported Oral Care

Real Ingredients. Real Results. Real Science.

Formulated with clinically
studied ingredients proven
to support oral health

Balances pH levels to
protect enamel and support
a healthy oral environment

Gentle, effective, and safe
for elderly populations

Delivers a full-mouth clean
when away from home

Reduces harmful bacteria
and helps prevent plaque
build-up

Trusted for use in daily
senior care hygiene routines

How DentiMints Fits Seamlessly Into Elderly Care Workflows

Flexible format options make it easy to implement without adding staff burden

- ★ **1,000**-count buckets are ideal for post-meal distribution
- ★ **10**- and **20**-count resealable packets are perfect for between-meal or in-room use
- ★ No water or brushing means less need for supervision - safe for memory care residents
- ★ Tablets can be distributed directly on food trays or kept at nurse stations
- ★ Supports compliance, reduces caregiver strain, and improves consistency of care

What Makes Dentimints Different

Functional. Innovative. Positioned to Lead.

**Not Candy.
Not Gum.
REAL Oral Hygiene**

- ✦ Natural foaming agent provides a clean feel - no rinse needed
- ✦ Contains no artificial sweeteners, dyes, or unnecessary fillers
- ✦ Works without water, tools, or brushing - perfect for use anywhere
- ✦ First-to-market at scale as a chewable dental mint

What Makes Dentimints Different

Functional oral care for everyday life

Not a Mint

Mints only mask odors

Not Gum

Gum isn't discreet and lacks hygiene benefits

Not Toothpaste

Toothpaste requires water, brushing, and rinsing

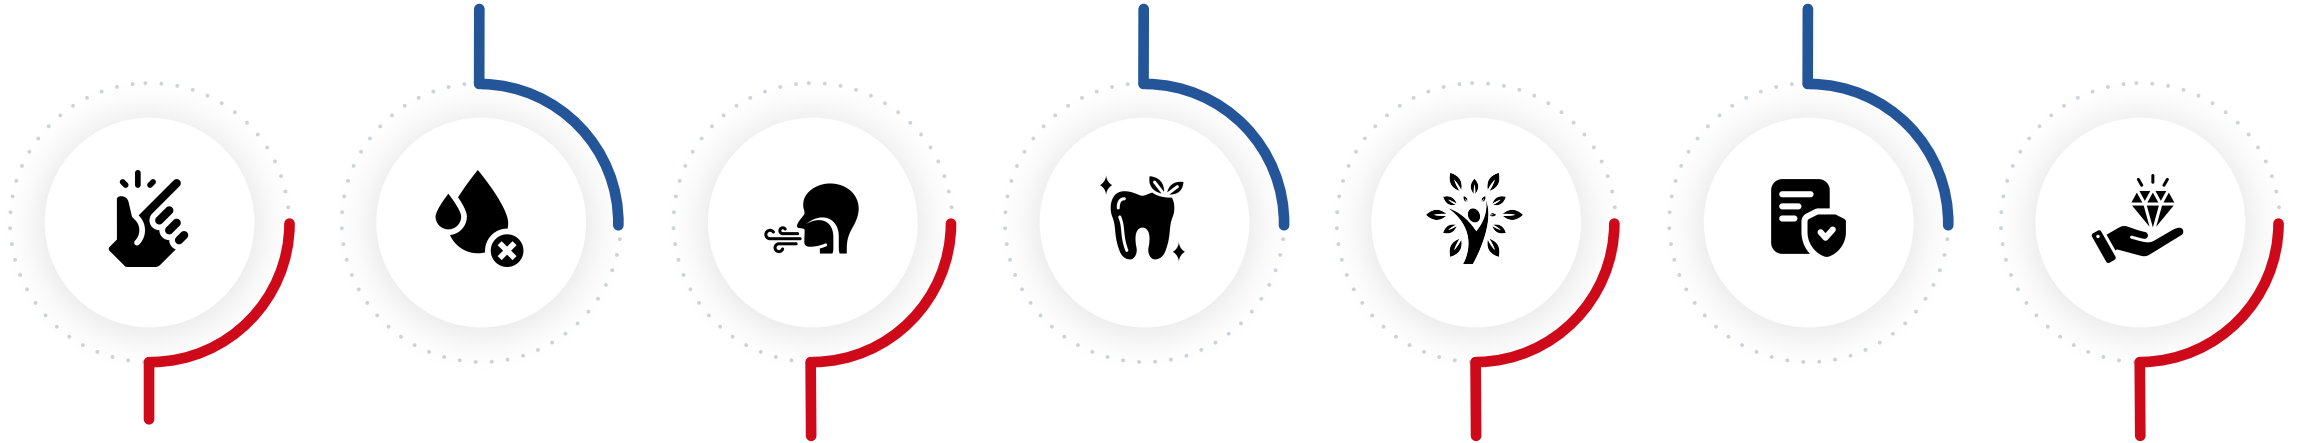

Why It Works – From Assisted Living to Memory Care

A simple, effective solution for real-world oral care needs

Fits seamlessly into daily routines - no water, no tools, no rinsing

Clean, portable, and universally understood

Improves compliance and comfort in senior living environments

Easy to use, easy to explain, easy to keep on hand

Delivers real hygiene, not just fresh breath

Versatile enough for any lifestyle or routine

Valuable for patients, residents, & the people who care for them
