

DentiMints®

CHEWABLE DENTAL MINTS

Brushless, Waterless, On-the-Go Oral Care

Chew ✨ Swish ✨ Clean ✨ Fresh

Meet DentiMints™

On-The-Go Oral Hygiene for Remote & Demanding Work Environments

Delivers full oral care - no brushing, no rinsing, no sink required

Sugar-free. No fluoride. No SLS. No aspartame. No dyes

Pocketable and portable - workers carry it with them during long shifts in the field

Oral hygiene matters - and now there's a way to support it, anywhere

Built for real-world conditions: oil rigs, construction sites, utility crews, mining, and more

The Challenge

Oral Hygiene Difficult to Maintain During Remote Field Work

Extended shifts away from base facilities make oral care unrealistic during work hours

No sinks, minimal water, access, no way to maintain hygiene in the field

Meals, energy drinks, & harsh environments accelerate buildup & bacterial growth

Hygiene routines often don't exist in these settings - because the tools simply aren't there

Workers deserve a way to protect their health, comfort, and wellbeing in the field - not just after their shift

Remote & Field Work – Oral Hygiene Challenge

Basecamp amenities don't help when the job site is far away

DentiMints™ gives crews a way to maintain oral care in real-time - while still doing the job

Long shifts in the field with no water or oral hygiene access

Energy drinks, chewing tobacco, processed snacks - all increase oral health risk

Oral health impacts more than comfort - it's tied to systemic health, inflammation, and long-term outcomes

Hygiene tools like toothbrushes & rinses are impractical during work

The Solution

Real Oral Care, Anytime, Anywhere – in Under 30 Seconds

A fresh, confident solution employees will actually use. No water. No brush. No mess.

Antibacterial, pH-balancing, & gently polishing - it fights buildup and bacteria fast

Designed to work in the field: no brushing, no rinsing, no sink required

DentiMints™ dental mints deliver complete oral hygiene without water or tools

It goes where your crew goes - in pockets, packs, or on-person gear

How It Works

Chew. Swish. Clean. Fresh.

No toothbrush? No sink? No problem!

Chew the tablet to activate the oral care ingredients

Swish as it dissolves – no brushing, no rinsing

It lifts food debris, reduces bacteria, balances pH, and refreshes

No water. No tools. Just clean teeth, on the go

Oral Care For Real Life

Reliable Hygiene Support Across the Workday

DentiMints™ fits directly into field life - on break, on location, on the move.

When oral care isn't practical and water is out of reach,

DentiMints™ gives workers a way to maintain hygiene and stay protected - wherever the job takes them.

How DentiMints™ Supports Field Workers

A Simple Hygiene Solution For Long Shifts & Hard Environments

Supports oral care routines during extended time in the field

Can be kept in pockets, packs, or worn gear - no locker access needed

✦ Helps reduce buildup, freshen breath, & protect teeth between shifts

No sink, no water, no supervision - just real hygiene, made portable

Empowers crews to stay healthier and more comfortable on the job

Trusted, Effective, Proven Ingredients

Real Oral Hygiene, Built for the Field

ExoCyan Cran™

- Patented cranberry extract with antioxidant properties that help reduce harmful bacteria and support gum health

Xylitol

- A natural sweetener that helps prevent plaque buildup & supports a balanced oral microbiome

Calcium Lactate

- A bioavailable mineral that strengthens enamel and aids in remineralization

Sodium Bicarbonate

- Neutralizes acid, balances oral pH, and helps remove debris

Silica

- A mild abrasive that helps clean and polish teeth when traditional brushing isn't possible

Scientifically Supported Oral Care

Ingredients That Support Oral Health - Even When Traditional Hygiene Isn't Possible

Supports real hygiene and comfort when conditions make traditional routines impossible

Reduces bacteria that contribute to plaque, odor, and irritation

Helps regulate mouth pH and prevent acid buildup after energy drinks or meals

Promotes healthier gums and freshens the entire mouth

Delivers a complete oral care experience without the need for brushing or rinsing

Gentle, effective, and appropriate for use in any work environment

How DentiMints™ Fits Remote Work Operations

A Hygiene Solution That's Portable, Practical, and Field-Tested

- ✦ 10- and 20-count resealable pouches fit easily in pockets, belts, or personal gear
- ✦ 1,000-count buckets can be stationed at jobsite trailers or break stations
- ✦ No sink, no water, no supervision - just chew and go
- ✦ Ideal for remote crews, mobile workers, and multi-day deployments
- ✦ A field-proven solution that boosts hygiene, comfort, and health in tough environments

Payment

Prepaid or Net 30
(qualified accounts)

Free Shipping & Handling

All orders that meet MOQ

Why It's Not Just Another Mint

Not a Mint. Not Gum. Not Toothpaste.

Mints

- Mask odor
- No hygiene benefit

Gum

- messy & unprofessional
- Doesn't clean or support enamel

Toothpaste

- Requires a sink, water, time, and tools
- Impractical in the field

DentiMints™ provides true oral hygiene, with no tools or rinse required

What Makes Dentimints™ Different

Functional Oral Hygiene for Demanding Conditions

**DentiMints™ delivers
full oral hygiene and
is easy to use**

- ✦ Cleans and protects the mouth - not just freshens
- ✦ Works without brushing, rinsing, or water
- ✦ Compact, durable, and always on-hand
- ✦ Nothing else like it on the market today

Why It Works For Everyone

A cleaner mouth, anytime – without slowing down

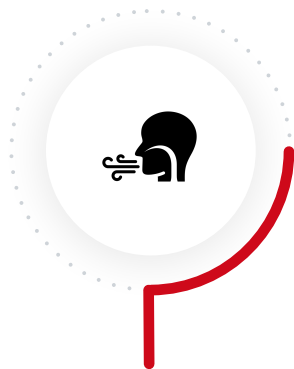

Supports oral hygiene in high-pressure, high-visibility settings

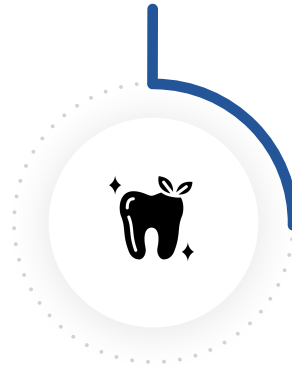

Clean, portable, and universally understood

Easy to use, discreet, and requires no water

Improves comfort, confidence, and consistency for employee

Encourages mid-day refresh and self-care without disruption

Valuable to individuals, teams, and HR leaders with wellness initiatives
