CHEWABLE DENTAL MINTS

Brushless, Waterless, On-the-Go Oral Care

Chew ✨ Swish ✨ Clean ✨ Fresh

Meet DentiMints™

Oral Hygiene Designed for the Driver Lifestyle

Chewable dental mint that supports full-mouth hygiene without brushing

Built for health, confidence, and oral comfort on the road

No fluoride, no SLS, no dyes, no aspartame - clean label and driver safe.

Works in 30 seconds - no water, tools, or restroom required

Ideal for long-haul truckers, delivery drivers, and logistics crews

The Challenge

Oral Hygiene Isn't Always Convenient for Drivers on the Move

Time pressure and limited restroom access create real barriers

Brushing while on shift or between stops can be difficult

Food, drinks, and dry air can lead to oral discomfort during long routes

Many drivers delay oral care until day's end or between trips

Over time, these delays may increase the risk of oral health issues

The Driver Hygiene Challenge

It's Not Easy To Maintain Oral Hygiene Behind The Wheel

DentiMints™ offers a full-mouth cleaning in 30 seconds, with no tools or rinsing required.

Long hours behind the wheel leave little time for self-care

Drivers often eat or drink without a chance to rinse afterward

Even drivers with good habits may go hours without cleaning their mouth

Brushing tools aren't always accessible mid-shift

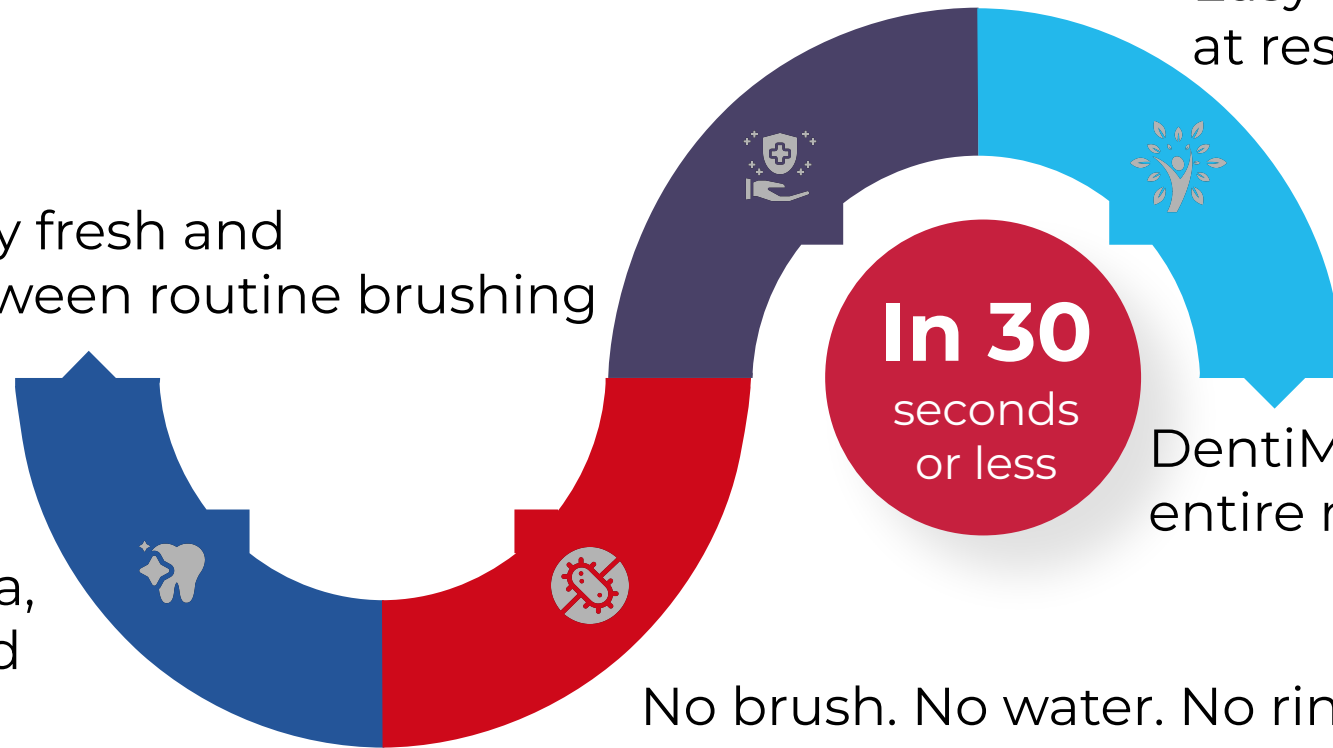

The Solution

Real Oral Care - Designed For The Road

Helps drivers stay fresh and comfortable between routine brushing

Reduces bacteria, balances pH, and protects enamel

Easy to use during breaks, at rest stops, or in the cab

DentiMints™ cleans the entire mouth

No brush. No water. No rinsing or mess.

How It Works

Chew. Swish. Clean. Fresh.

Simple. Discreet. Use anywhere, anytime

Chew the tablet to
activate ingredients

Swish as it
