CHEWABLE DENTAL MINTS

Brushless, Waterless, On-the-Go Oral Care

Chew ✨ Swish ✨ Clean ✨ Fresh

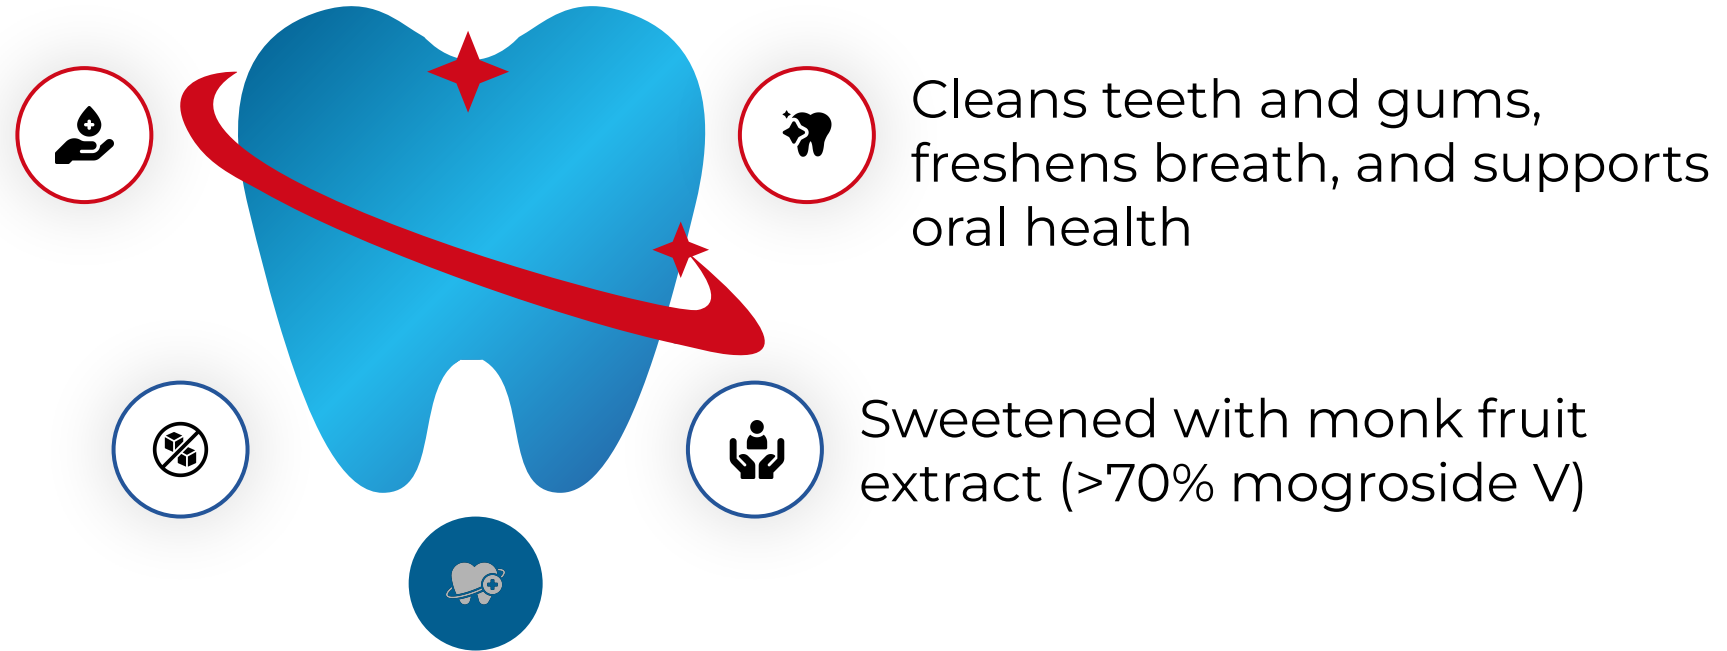

Meet DentiMints™

The First REAL Oral Care Mint for Busy Shoppers

Chewable dental mint that replaces brushing when it's inconvenient. No tools, no water, no rinsing.

Clean-label: no fluoride, SLS, aspartame, or artificial dyes

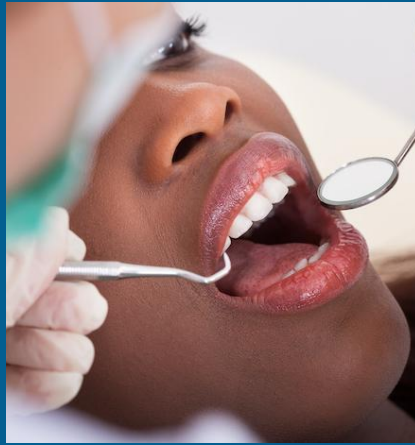

Appeals to busy families, commuters, lunch-break shoppers, and more!

The Challenge

Oral Care Gets Skipped – Even by Health-Conscious Shoppers

Most people skip brushing during the day due to time, access, or inconvenience

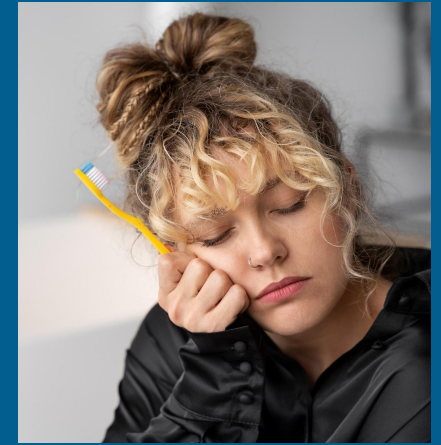

Toothpaste and rinses require tools, time, and a sink

Other oral care products still need water, time, and access to a sink

Most shoppers on-the-go often skip brushing entirely when outside their residence

Water waste from traditional brushing routines exceeds 2,000 gallons per person per year!

There's No Full-Mouth On-The-Go Oral Hygiene Option in Grocery Aisles

DentiMints™ offers a full-mouth cleaning in 30 seconds, with no tools or rinsing required.
