

DentiMints[®]

CHEWABLE DENTAL MINTS

Brushless, Waterless, On-the-Go Oral Care

Chew ✦ Swish ✦ Clean ✦ Fresh

Meet DentiMints™

Oral Care That Requires No Water, Tools, or Time

Chewable dental mint designed to replace brushing in the field

Field-tested ingredients and a clean-label formulation

Requires no water, rinse, or gear - just chew and swish

Cleans, freshens, and supports oral hygiene in 30 seconds

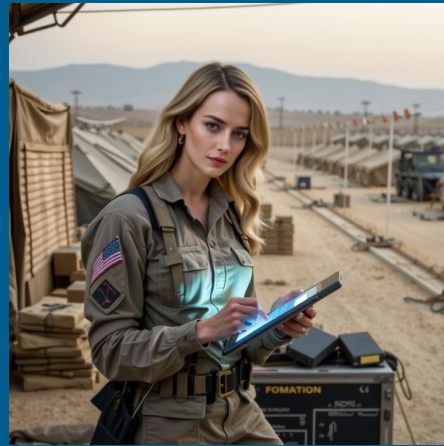

Shelf-stable, compact, and easily deployed in hygiene kits or MREs

The Challenge

Oral Hygiene Is One Of The First Things Lost In The Field

Brushing is difficult or skipped during operations and deployment

No sinks or rinse water available in many forward environments

Dental issues are among the top non-combat reasons for evacuation

Hygiene routines often don't exist in these settings - because the tools simply aren't there

Current hygiene kits often lack effective, practical oral care tools

The Military Oral Hygiene Challenge

Brushes, Water, and Time Are Limited On The Ground

DentiMints™ gives soldiers a way to maintain oral care in real-time - while still doing the job

Soldiers operate in harsh conditions with minimal hygiene access

Brushing in the field is impractical or infeasible

Water conservation is critical in many deployments

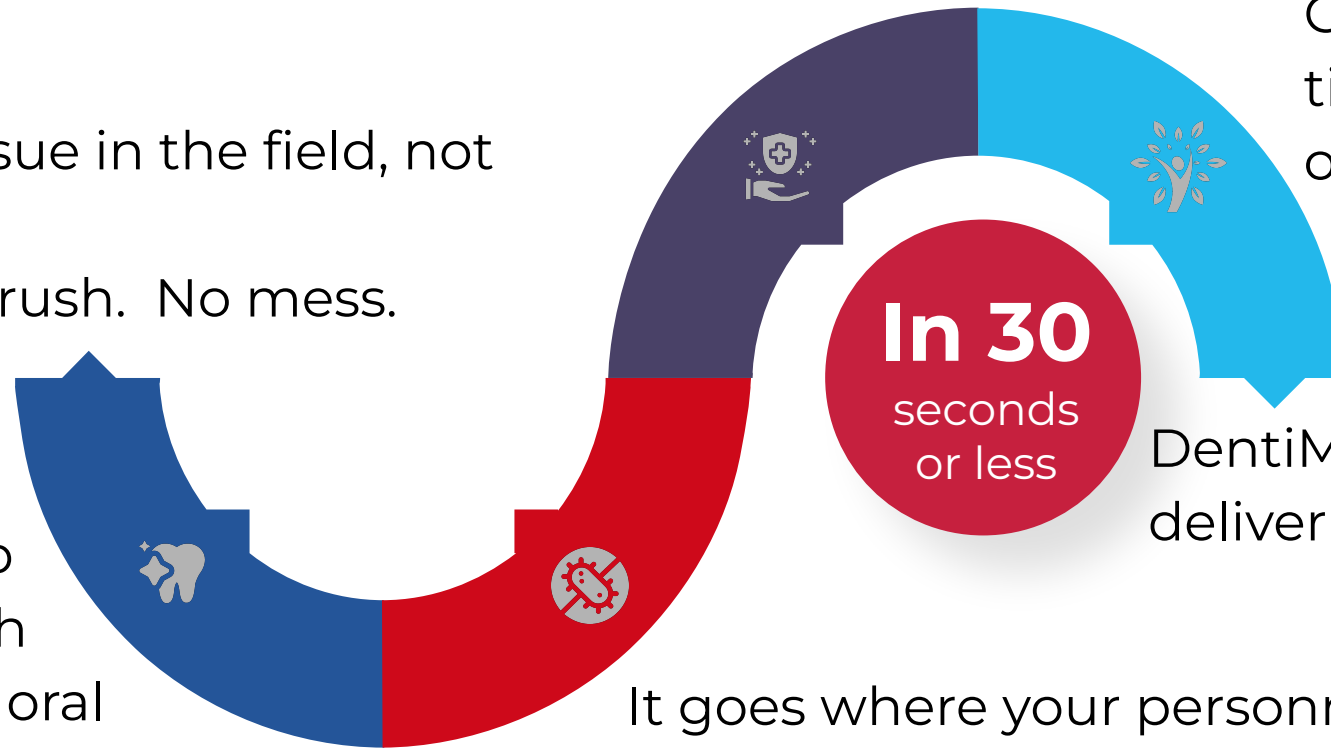

Toothpaste kits require prep, storage, and cleanup

The Solution

DentiMints™ Provides Real Oral Care - Anywhere, Anytime

Designed for issue in the field, not just in barracks.
No water. No brush. No mess.

Supports troop comfort, breath freshness, and oral protection

It goes where your personnel goes - in pockets, packs, or on-person gear

Can be used multiple times a day during operations

DentiMints™ dental mints deliver complete oral hygiene

How It Works

Chew. Swish. Clean. Fresh.

No toothbrush? No sink? No problem!

Chew the tablet to activate the oral care ingredients

Swish as it dissolves – no brushing, no rinsing

It lifts food debris, reduces bacteria, balances pH, and refreshes

Leaves a “just brushed” feeling and requires no water access

Oral Care For Real Conditions

No Sink. No Brush. No Excuses.

DentiMints™ gives service members the ability to maintain oral hygiene during field operations, transit, and downtime - without interrupting their mission.

It fits easily into uniform pockets, packs, and hygiene kits, making it an effortless addition to daily carry.

How DentiMints™ Supports Military Logistics

Built for Scale, Shelf-Stability, and Field Distribution

Ideal for deployment hygiene kits, humanitarian packs, & MRE add-ons

Compatible with disaster relief and rapid response missions

* Minimal training or handling needed just issue and go

Works in any branch or readiness setting

Used during field ops, transport, or after meals

Trusted, Effective, Proven Ingredients

Real Oral Hygiene, Built For The Field

ExoCyan Cran™

- Patented cranberry extract with antioxidant properties that help reduce harmful bacteria and support gum health

Xylitol

- A natural sweetener that helps prevent plaque buildup & supports a balanced oral microbiome

Calcium Lactate

- A bioavailable mineral that strengthens enamel and aids in remineralization

Sodium Bicarbonate

- Neutralizes acid, balances oral pH, and helps remove debris

Silica

- A mild abrasive that helps clean and polish teeth when traditional brushing isn't possible

Scientifically Supported Oral Care

Ingredients That Support Oral Health - Even When Traditional Hygiene Is Difficult

Designed to clean, protect, and balance oral health in tough conditions

Reduces bacteria that contribute to plaque, odor, and irritation

Helps regulate mouth pH and prevent acid buildup after drinks or meals

Can be used multiple times per day with no side effects

Delivers a complete oral care experience without the need for water or rinsing

Gentle, effective, and appropriate for use in any environment

DentiMints™ In Action: Military & Response Units

Adaptable Across Branches, Kits, and Conditions

- ✦ Insert in hygiene kits for deployed troops
- ✦ Add to MRE accessory packs
- ✦ Use in humanitarian, disaster, or cold-weather kits
- ✦ Store in med tents, field hospitals, or forward stations
- ✦ A field-proven solution that boosts hygiene, comfort, and health in tough environments

(qualified accounts)

Free Shipping & Handling

All orders that meet MOQ

Why It's Not Just Another Mint

Compare The Difference

Mints

- Mask odor
- No hygiene benefit

Gum

- Not appropriate or field-ready
- Doesn't clean or support enamel

Toothpaste

- Requires a sink, water, time, and tools
- Impractical in the field

DentiMints™ provides true oral hygiene, with no tools or rinsing required

What Makes Dentimints™ Different

Functional Oral Hygiene For Demanding Conditions

**DentiMints™ delivers
full oral hygiene and
is easy to use**

- ✦ Cleans and protects the entire mouth - not just a breath mint
- ✦ Requires no water, gear, or external tools
- ✦ Designed for issue in real-world military logistics
- ✦ A first-of-its-kind oral care solution made for mobility

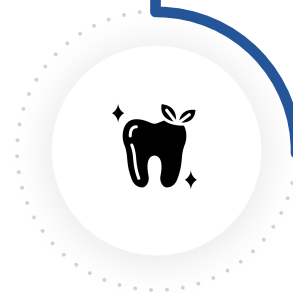

Why It Works For Everyone

Built For The Military Ecosystem

Fits in command
procurement, broker
channels, and kit
assembly

Works for active duty,
reserve, ROTC, and
disaster response

Adds preventive care
without logistics complexity

Can be private-labeled for
custom contracts

Dual-use functionality
supports both issue and
retail

Valuable to any branch of the military
with wellness initiatives
