CHEWABLE DENTAL MINTS

Brushless, Waterless, On-the-Go Oral Care

Chew ✨ Swish ✨ Clean ✨ Fresh

Meet DentiMints™

Oral Care for Wherever Life Happens – Including 35,000 Ft

Chewable dental mint that provides real oral hygiene in 30 seconds or less

No water, brushing, or rinsing required - ideal for in-room use

Ideal for airline passengers, cabin crew, and inflight comfort programs

Naturally sweetened and free from fluoride, SLS, aspartame, and dyes

TSA-safe and easy to distribute mid-flight.
Designed to clean, freshen, and restore comfort when brushing isn't possible

The Challenge

Oral Care Gets Overlooked – Even in the Skies

Long-haul travel includes meals, naps, and time without oral care

Lavatories are often crowded or avoided unless necessary

Most flyers don't pack toothbrushes with carry-on bags

Standard travel kits are very outdated and underwhelming

Passengers want to feel clean, confident, and refreshed mid-flight

The Hospitality Hygiene Challenge

Traditional oral care doesn't work at cruising altitude

DentiMints™ offers a full-mouth cleaning in 30 seconds, with no tools or rinse required.

Water access is limited and inconvenient

Hygiene routines are disrupted during long-haul or red-eye flights

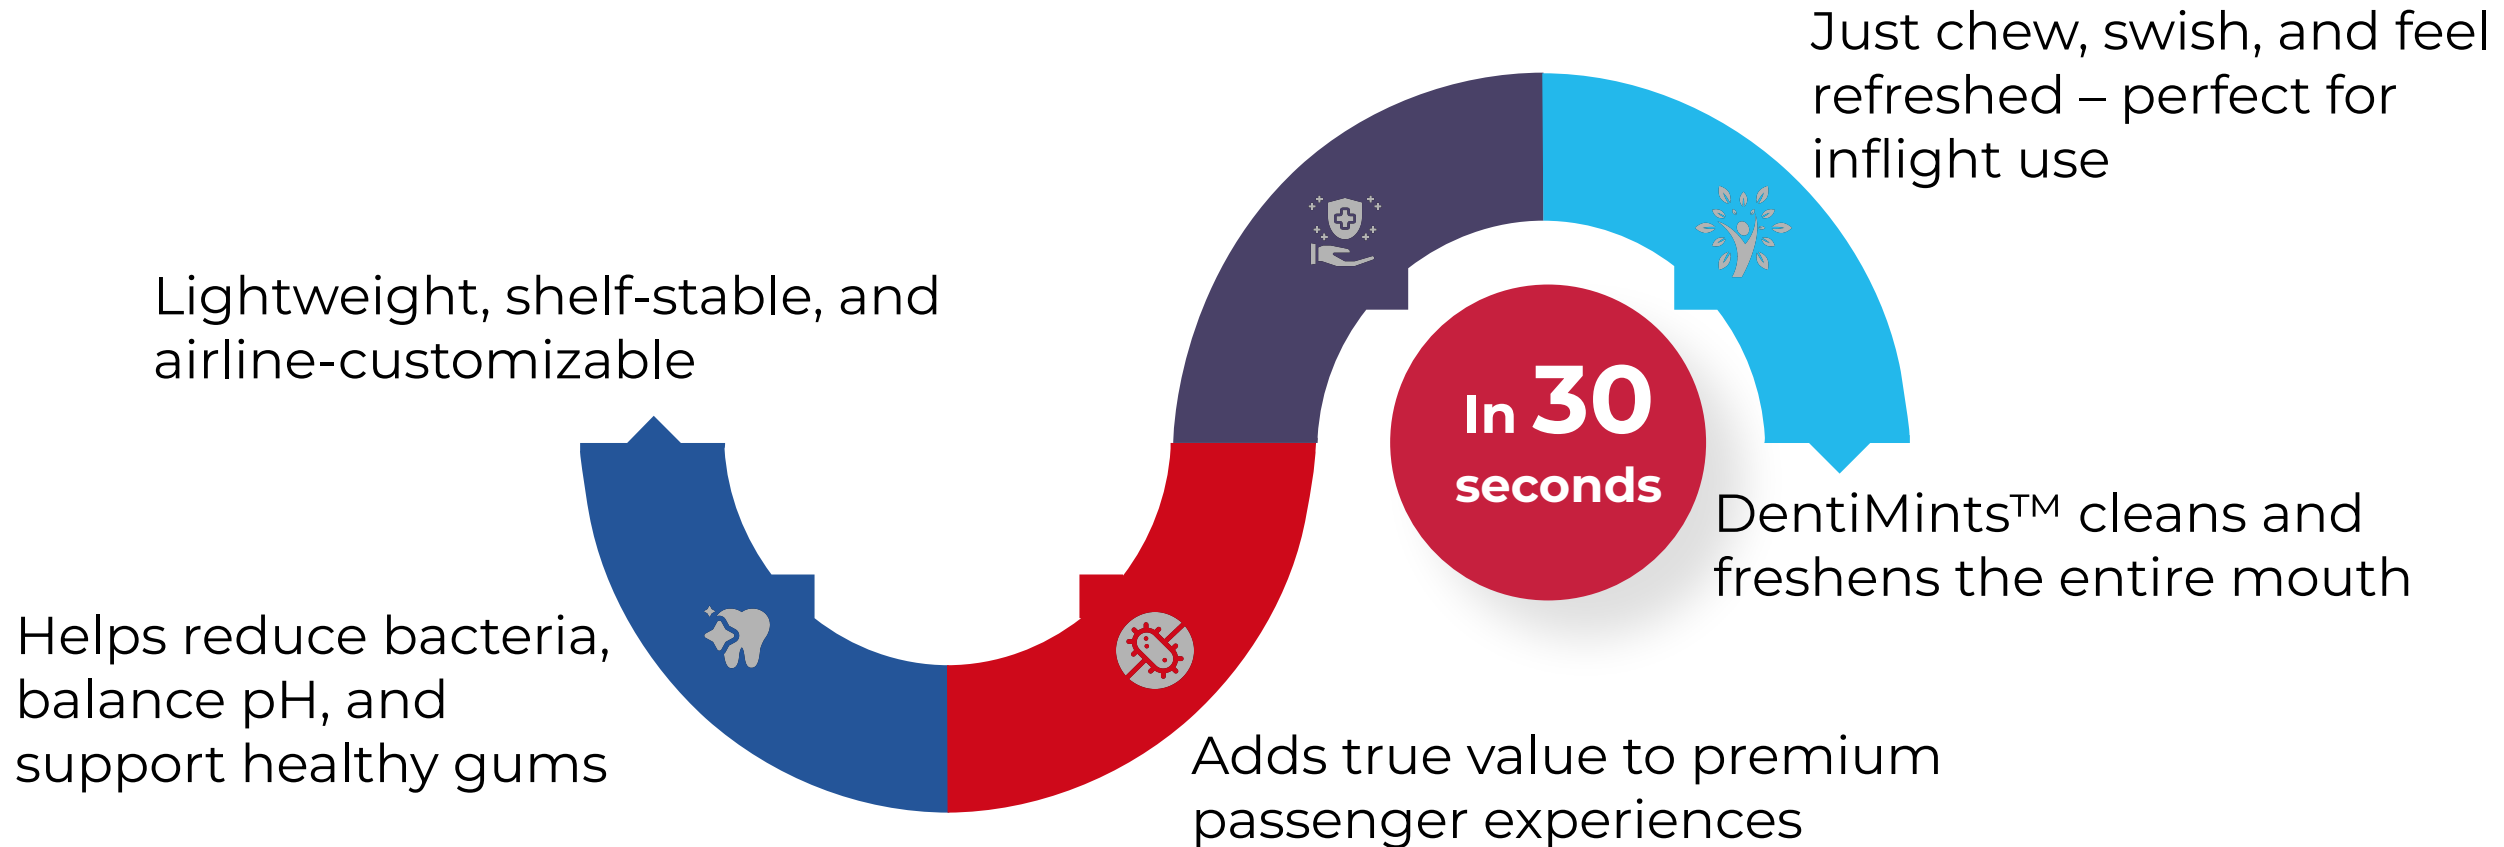

Passengers may feel unclean, dry-mouthed, or self-conscious

Cabin crew work long hours without time to brush or freshen up

The Solution

Real Oral Care, Anywhere – in Under 30 Seconds

How It Works

Chew. Swish. Clean. Fresh.

No toothbrush? No toothpaste? No problem!

Chew the tablet to activate ingredients

Swish gently as it dissolves – no water required

Helps clean teeth, remove debris, and balance pH

Finishes with fresh breath and a smooth, clean-mouth feel. Ideal for both passengers and crew.

Oral Care For Real Life

Reliable hygiene support across travel and daily crew shifts

Whether after a meal, a nap, or during long-haul service gaps, DentiMints™ gives passengers and crew a discreet, effortless way to feel clean and confident - even when brushing isn't an option.

It's the ideal wellness touchpoint for inflight refresh moments.

How DentiMints™ Supports Airline Operations

A waterless, brushless oral care solution for travelers & staff

Can be added to amenity kits for business/premium class

Suitable for buy-on-board bundles or wellness upgrades

*Crew-focused packs for long-haul team refresh

Easy to use discreetly at seat or during service

Minimal weight and storage requirements

Trusted, Effective, Proven Ingredients

True On-The-Go Oral Hygiene

ExoCyan Cran™

- Patented cranberry extract with antioxidant properties that help reduce harmful bacteria and support gum health

Xylitol

- A natural sweetener that helps prevent plaque buildup & supports a balanced oral microbiome

Calcium Lactate

- A bioavailable mineral that strengthens enamel and aids in remineralization

Sodium Bicarbonate

- Neutralizes acid, balances oral pH, and helps remove debris

Silica

- A mild abrasive that helps clean and polish teeth when traditional brushing isn't possible

Scientifically Supported Oral Care

Real Ingredients. Real Results. Real Science.

Supports the oral
microbiome and freshens
breath

Supports gum health,
enamel protection, and pH
balance

Requires no rinsing or water –
ideal for aircraft cabins

Suitable for sensitive guests
& wellness-focused
travelers

No fluoride, no SLS, no dyes,
and no aspartame

Gentle and effective - can be
used daily

What Makes Dentimints™ Different

Functional. Innovative. Positioned to Lead.

**Not a candy or breath
mint – this is true oral
hygiene**

- ✦ No need for water, brushing, or lavatory breaks
- ✦ First-to-market as an inflight oral hygiene solution
- ✦ Supports both passenger comfort and crew wellness
- ✦ Fully compliant, travel-safe, and shelf-stable

Why DentiMints™ Is The Best Option

Functional Oral Care for Everyday Life

Mints

- Mask odor
- No hygiene benefit

Gum

- Not discreet
- Doesn't clean teeth or protect enamel

Toothpaste

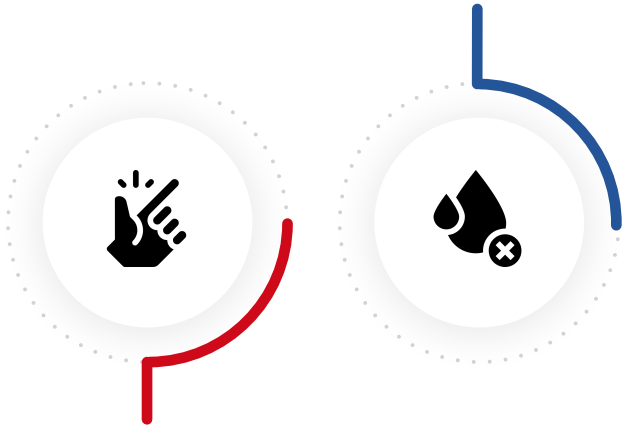

- Requires brushing, water, and a lavatory
- Not practical in-flight

DentiMints™ provides real oral hygiene - Clean, discreet, and portable.
Made for use in seats, no sink required.

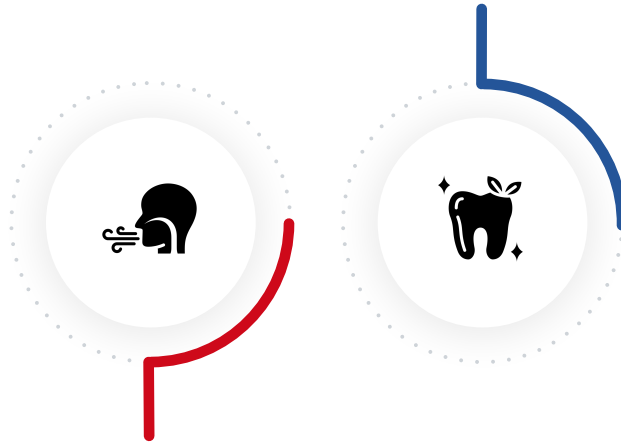

Why It Works For Everyone

A Simple, Effective Solution For Travel Hygiene Needs

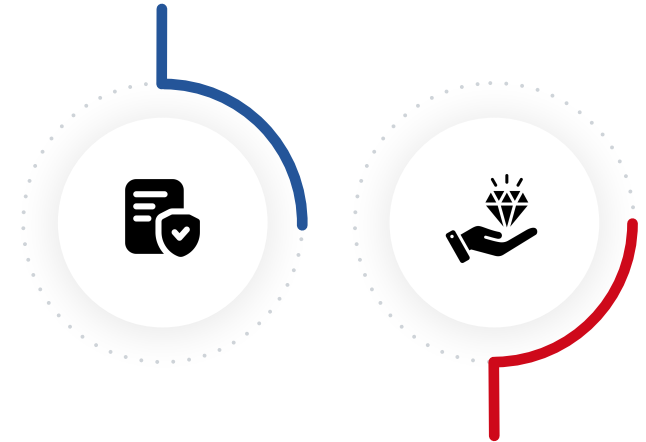

Passengers stay fresh
without leaving their seat

Crew members refresh
during long-haul shifts

Easily fits inflight kits, galley
setups, or retail menus

Clean ingredients for
health-focused flyers

Modern hygiene for
modern air travel

Solves a gap no one else is addressing -
and does it naturally
