Meet DentiMints™

An Oral Hygiene Solution Designed for Modern Micro-Markets, Vending & Workplace Convenience

Chewable dental mint that
delivers real oral hygiene in
30 seconds

Perfect after coffee, meals,
snacks, beverages, or before
meetings and interactions

No toothbrush. No water. No
sink. Just chew, swish, and
enjoy a cleaner, fresher
mouth

Shelf-stable, grab-and-go
packaging ideal for
micro-markets, checkout, and
vending

Built for the everyday moments when people want a cleaner,
fresher mouth, but brushing is impractical or inconvenient.

The Opportunity

Millions of employees purchase food and beverages every day, but very few have access to convenient oral care.

Very few employees brush their teeth during the workday, even after coffee, lunch, or snacks

Not because they can't, but because brushing is inconvenient, awkward, or just unrealistic

Coffee, meals, snacks, and drinks create repeated opportunities for convenient oral care

Food and beverages are standard in micro-markets and vending. Convenient oral care isn't

DentiMints™ transforms an overlooked daily need into a new retail opportunity

The Missing Category

Even Today's Best Micro-Markets and Vending Programs Overlook Convenient Oral Care

Food and beverages have evolved. Convenient oral care has not.

Today's micro-markets and vending programs offer far more than snacks and beverages

Traditional mints and gum freshen breath, but they don't provide oral care

Employees want confidence after coffee, meals, meetings, and throughout the workday

DentiMints™ introduces convenient oral care into unattended retail

The Solution

Real Oral Care That Belongs Next to Snacks, Meals, and Beverages

No toothbrush. No water. No sink.
Just chew, swish, and enjoy a cleaner,
fresher mouth

Helps clean teeth,
freshen breath,
support enamel, and
maintain a healthy oral
environment

Ideal for checkout,
micro-market
shelving, and
vendable package
formats

DentiMints™ is real oral care
in a mint format that delivers
full-mouth oral hygiene

Completes the product mix
in today's micro-markets
and vending programs

How It Works

Chew. Swish. Clean. Fresh.

No toothbrush? No sink? No problem!

Chew the tablet to
activate ingredients

Swish as it
dissolves – no
water required

Cleans teeth and
gums while
supporting enamel
and pH balance

It cleans, protects, and
refreshes your mouth
in under 30 seconds

Why It's Not Just Another Mint

Real Oral Hygiene - Not Just Breath Freshening

Mints

- Temporarily masks odor
- No hygiene benefit

Gum

- Freshens breath
- Doesn't clean teeth or mouth

Traditional Brushing

- Requires a sink, water, time, tools, and privacy
- Impractical at work

DentiMints™ clean, protect, and freshen. No tools. No Water. No Mess.
